Yeosu is located in the middle of south sea of Korean peninsula. Toward the east, the city is bordered with Namhae in Gyeongsangnam-do Province and toward the west bordered with Goheung Jeollanam-do Province, toward the south with Jeju Island, and toward the north with Suncheon-si.

## Geographical Features

Mountain ranges and hills are stretched out smoothly toward the south with relatively few plains. Around Gamak Bay and Yeoja Bay, the archipelago spreads in the shape of a butterfly.

## Land Area

The Sobaek mountain range that spills over from the mainland toward Yeosu creates an inviting backdrop for the city and the peninsula upon which it is located. The city itself boasts a long and undulating coastline and numerous islands, which provide tourists with countless attractions. The city is 512.08km<sup>2</sup> in Land Area.

## Status by Land Category

 (Unit: km<sup>2</sup>)

Sum	Forest	Field	Rice Field	Plot	Factory Site	Others
512.3	299.8	63.2	38.4	24.6	21.0	65.3

## Islands & Coastline

- Number of islands : 365 ( 5 connected to lands, 48 Inhabited, 317 Uninhabited)
- Coastline : 1005.82km

## Administrative Districts

Yeosu is a complex urban agricultural city which unified three cities of Yeosu-si, Yecheon-si, and Yecheon Gun on April 1, 1998. The administrative district consists of 1 eup, 6 myeons, 20 dong, 479 tongs, and 212 ri's.
